The TCDA Board will consider nominees with three or more letters of recommendation. This award was created to recognize outstanding young directors who, within their first five years of teaching, have achieved significant accomplishments in choral music education. Previous recipients have achieved recognition within their schools, districts, and regions, and were nominated by colleagues based on their outstanding work and accomplishments in their first five years of teaching. All of them have had students place highly in competitions at the region and state level, and their choirs have been consistently awarded superior sweepstakes ratings. In your letter, please include the nominee's professional activities and honors.
